An opportunity to reflect on a document on the conduct of mission “according to gospel principles”, released in June by the World Council of Churches (WCC), the Pontifical Council for Inter-religious Dialogue (PCID) of the Roman Catholic Church and the World Evangelical Alliance (WEA). This document represents “an historic moment” in the quest for Christian unity.

What are the challenges and affirmations these principles and recommendations offer for the mission and witness of churches in Canada?

What are the implications of this document in our contexts?

How might we share this document in our constituencies?

The event will include panels presenting a variety of perspectives on the document and its implications for the Canadian context, and opportunities for participants to share their experiences and response.

All who have interest in mission, evangelism or interfaith dialogue are invited. Participants from diverse faith communities are warmly welcome!
